

## Simple. Secure. Efficient.

Electronic invoicing enables merchants to invoice customers via brandable email and allows customers to make payments by following an embedded link. Invoices are generated with line-by-line detailed information and automatically converted to PDFs that are attached and sent to the customer's email address.

## Simple & Intuitive

Only minutes to your first invoice

### Manage Your Resources Wisely

Streamline the billing process by reducing the time it takes to manage the paperwork and get paid

### Instill Confidence with Brandable Invoices

Branded emails and invoices make your customers feel confident and encourage faster payments

### Keep it Secure

No need for merchants to store sensitive data, eliminating the most rigorous of PCI compliance issues

### Reporting

Maintain complete and secure records with our enhanced reporting system

### Accept Full or Partial Payments

Ability to accept multiple, full or partial payments in credit card, cash, or ACH

### Support Multiple Currencies

Supports any currency
